

ANTIMICROBIAL PROTECTION MEANS A HEALTHIER TOMORROW

Coral's antimicrobial technology protects water tanks from harmful microbes. Its advanced antimicrobial formula aids in inhibiting microbial growth and keeping algae out of water. Thus, our precious water does not just remain pure. It promises to keep us safe and healthy every day.

SURGING AHEAD SUCCESSFULLY

The Sanhit Group is an eminent business house engaged in various sectors. From plastic processing, food packaging, concrete pre-fabrication, and precision farming in agri-horticulture to hospitality, Sanhit has proved itself as one of the leading players across diverse sectors with a yearly turnover of almost Rs. 100 Crores.

Sanhit has three ultramodern manufacturing units at Bolpur and one at Jalpaiguri in West Bengal. With an experience of more than 21 years in the polymer industry, Sanhit Group has made inroads in the plumbing industry with the brand Coral.

The aim of the company has always been to produce the best-in-class quality products to satisfy consumers and generate employment for the youth of Bengal. The company's vision is to improve the quality of life of every stakeholder associated with it.

Factors that empower our tomorrow

- Equipped with modern technology
- State-of-the-art infrastructure
- Ultramodern quality check for consistent outcome

CORAL DURAX

Long-term durability with assured purity
INNER THREADED LID

About DURAX

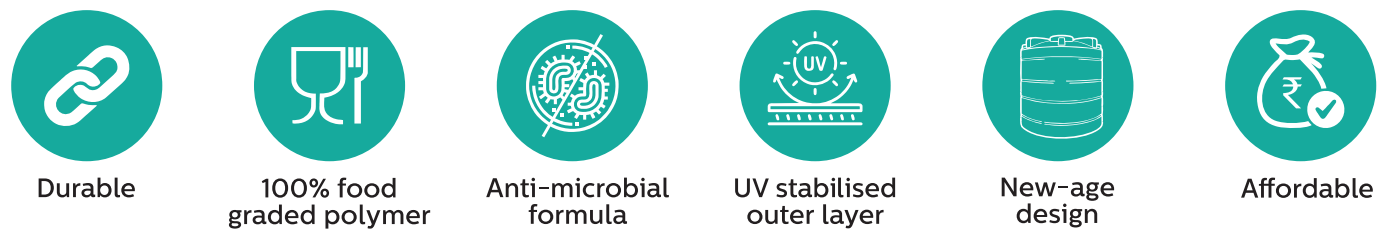

The Durax Tank from Coral is the affordable and healthy water storage solution that can meet the needs of every household. It comes with the assurance of quality and durability that keeps your water protected. The anti-microbial inner layer prevents the growth of microbes and other disease causing bacteria, thus prioritising the health of the household.

Available Colours

Fabulous Features

Layers	Sizes in Ltrs.	Colour

3 layers	300/500/750/1000/1500/2000	White, Electric Blue, Forest Green, Coral Green, Ocean Blue, Turquoise Green, Rose Pink, Morning Orange
4 layers	500/750/1000/1500/2000	White, Electric Blue, Forest Green, Coral Green, Ocean Blue, Turquoise Green, Rose Pink, Morning Orange

Technical specifications

Capacity (Ltr)	Diameter (MM)	Height (MM)	Manhole Diameter(MM)
300	-	-	-
500	890	970	480
750	1030	1080	480
1000	1100	1255	480
1500	1300	1425	480
2000	1400	1600	480

CORAL Loft Tank

Capacity (Ltr.)	Dimensions		
	Length (mm)	Width (mm)	Height (mm)
200	782.8	659.2	401.11
300	1113.43	801.34	431.31
475	1287.5	927	405.82

CORAL COOLMAX

PUF insulated layer for max cool water
 ROTOMOLDED LID

About COOLMAX

The Coolmax Tank is a premium water storage solution that is ideal for the modern home. It has world class technology and features that make it one of the best water storage solutions. In the summer season, the primary problem with tanks at home is that they are exposed to the intense heat of the sun. This often superheats the water within the tank and makes it impossible to be used for baths and showers. The Coolmax Tank comes with additional foam layers that keep your water cool by blocking the heat. This thermoshield technology helps you access cool and healthy water even in the peak of summer.

Available Colours

Fabulous Features

Thermoshield technology

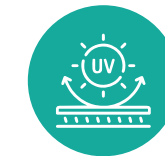

Durable and strong

100% food graded polymer

Anti-microbial formula

UV stabilised outer layer
